

# PANTY GLOSSARY

## BIKINI

The bikini combines moderate coverage with the perfect fit resulting in all-day comfort. The fit includes moderate coverage in the back, a semi-high-cut leg, and a waistband that sits between the navel and hip.

## BRIEF

A traditional panty that offers full coverage in both the front and back while providing a natural fit with a waistband that sits at your waistline.

## HIPSTER

The hipster provides a mild coverage, consisting of a low rise cross between a bikini and a brief. For a natural fit the leg opening traces the outline of your hip while providing the comfort of full-seat coverage.

## CHEEKY

The cheeky provides both style and comfort with a slightly more revealing silhouette. Typically with moderate coverage in the front and minimal coverage in the back.

## BOYSHORT

The boyshort offers full coverage in a modern silhouette. The fit provides a low-rise, full-coverage design with wider sides that provide all-day comfort.

## HIGH-CUT

A moderate full coverage with a very high-cut leg

## CONTROL BRIEF

The control brief provides firm-to light-control that both smooths and lifts the rear and midsection for a slimmer silhouette.

## THONG

A popular panty silhouette that eliminates panty lines with high-cut leg openings and minimal back coverage.
